## ABOUT US

The Squire's Landing is James Squire's brewhouse located in one of Sydney's busiest cultural junctions, Circular Quay. Developed in collaboration with Mantle Group Hospitality, The Squire's Landing tells the legend of James Squire; a convict on the First Fleet but perhaps more importantly, Australia's first brewer.

An upstairs restaurant and a downstairs brewhouse honour the life of James Squire – an infamous yet charismatic man who inspired the creation of the award-winning range. The Squire's Landing has been architecturally designed and includes phenomenal views of Sydney Harbour. The internal design of The Squire's Landing conserves the original structural steel detailing of Lawrence Nield and Peter Tonkin's design for the Overseas Passenger Terminal in 1988. Multiple external decks and terraces boast an open air dining experience and the ultimate spot to host any function. The interior is warm, using a palette of natural materials like reclaimed spotted gum, copper and zinc. The footprint also includes a freestanding fully glazed working microbrewery - the 'pod'. This is where customers can acquaint themselves with the intricate process of brewing beer. The venue is conveniently located within walking distance of Circular Quay station where ferries, buses and trains regularly depart to neighbouring harbours.

The Squire's Landing celebrates over 200 years since the founding father of Australian brewing arrived on the First Fleet in 1788. It is a venue that James Squire himself would stop and have a drink in... and we hope you do too.
